# Why Choose a York® 14 SEER LATITUDE™?

## MOST EFFICIENT IN ITS CLASS.

### Reduce the Cost of Summer

The Latitude™ 14 SEER accommodates more coil surface, allowing for better heat transfer, increased energy efficiency, and ultimately—lower cooling-costs.

### Year-Round Economics

The Latitude 14 SEER is capable of reaching 15.5 SEER, making it one of the most efficient units in the market when matched with a compatible York Air Handler, Variable-Speed, or Two-Stage Gas Furnace. In fact, the ACEEE (American Council for an Energy Efficient Economy) has rated it as one of the most efficient air conditioners on the market.

## QUIET COMFORT THAT'S "ENJOYED, NOT HEARD."

### Built for Quiet from the Ground Up

The best compressor technology, along with engineered features like rippled coil fins, muffle operating sounds.

## QUALITY, PROVEN IN TWO IMPORTANT WAYS:

### Reliability

Trouble-free, day-to-day operation.

### Durability

Along with other life-extending benefits, this unit features lower refrigerant operating pressures that reduce compressor stress and extend its years of dependable service.

## JOIN MILLIONS OF SATISFIED "LATITUDE FAMILIES."

Since 1994, literally millions of families have enjoyed the *proven* reliability and performance of the York Latitude.
